ENDURO SERIES FILTER

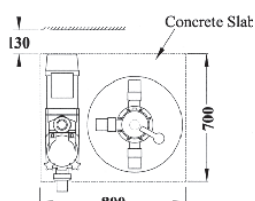

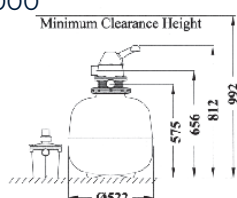

Commercial strength polymer media filters

Thousands of installations over the last 35+ years bear testament to the quality and reliability of Poolrite "S" Series filters.

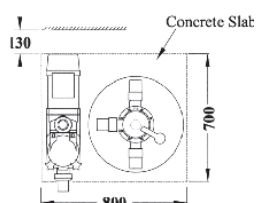

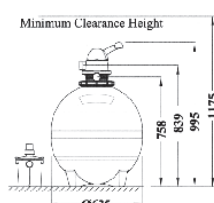

Dimensions

E-5000

E-6000

Specifications

Model	E-5000	E-6000
Filter Tank Diameter	522mm	635mm
Max Flow Rate (L/hr)	15,000	18,000
Eco Kleen media (bags)	4	8
Recommended Pump Model	SQI-400	SQI-500 / SQI-600

Features

- ✓ One piece seamless rotationally moulded tank designed for maximum strength.
- ✓ Made from medium density polyethylene for strength & durability.
- ✓ Clever designed dispersion inlet overdrain for smooth, even flow of water into the filter tank.
- ✓ Lateral underdrain design ensures maximum flow for fast and efficient backwashing which increases time between backwash cycles.
- ✓ All non-corrosive construction suitable for all types of sanitation.
- ✓ Australian design & manufacture.

Exclusive
to Poolrite
Filters

Designed to suit the
award winning
V2000 Multiport Valve

Featuring

- ✓ 50mm ports and large diameter valve for greater water flow and quieter operation.
- ✓ Domed top cover to prevent debris building up around valve stem for easy operation and longevity.
- ✓ 50mm plumbing unions allowing quick connection and simplified servicing with reducers to 40mm.
- ✓ Over moulded gaskets to prevent spider gasket blow outs.

**EcoSprings recommend
using ecoKleen
filtration media.**

Poolrite is an Australian made and owned product of The Evolve Group of companies.

Warranty

- ✓ 10 Year filter tank
- ✓ 1 Year on all other components
